To the Class of 2002,

We all worked together to make sure we would provide the class of 2002 with a yearbook that would contain all the wonderful memories of our high school years. Not to say that there weren't days when we thought that we would never see the Huttlestonian completed, but we were determined to finish it and prove to ourselves and everyone that we were capable of doing it. When you put all of yourself into the things that you do and when you do them well, to be shared by others, then you definitely have acquired an accomplishment. There is a certain power inside yourself that pushes you to go further, achieving the most that you can; the power that gives you a sense of satisfaction. Go on and experience it. That is what life's all about. We hope you enjoy the Huttlestonian 2002 and take care of it, for it holds memories of "the good old days."

Dedication

Barbara Belanger - versatile, modest, dedicated, driven, athletic, creative, motivated and an excellent mentor to us all. After 30 years of teaching, she has remained steadfast in pursuit of her professional goals to her students, her colleagues, and herself. Her unscathed spirit is one to take example from and to admire. Additionally, her desire to undertake new challenges of a superior echelon, such as running a marathon (yes, 26.2 miles) in another country when she turns 70, is unique. Mrs. Belanger greatly contributed to our Fairhaven community in and out of the classroom; her experiences have benefited us all. A woman of few words yet one who possesses countless volumes of enchanting memoirs ... she will truly be missed, not only by her students but by her colleagues as well. Good luck and Godspeed to you!

For the past 32 years, Peg Foley dedicated herself to the students of Fairhaven High School. As a member of the Business Department and its former Chairperson, Mrs. Foley held herself to high professional standards in the classroom and as a member of the school community. She expected much from her students in both their performance and behavior, while treating each individual with compassion, understanding and respect.

Mr. Foley's role at FHS was far more than that of just a classroom teacher and her contributions to the school's programs and its students often took place behind the scenes. She eagerly helped any student, administrator, club advisor, department head, or teacher who needed help. Each year, Mrs. Foley organized Graduation and Vespers ceremonies, making certain that each graduating class had caps and gowns, programs, flowers and diplomas, ensuring that each graduating class was given its "special day".

Teacher, mentor, role model, friend, Mrs. Foley has left an indelible imprint upon Fairhaven High School and its students and staff. Her numerous acts of kindness and generosity, much appreciated by so many, will never be forgotten. Her dedication to her craft and her devotion to her students has made FHS a better place.

The Class of 2002 with great appreciation dedicates its yearbook to Mr. Robert Marchand. For the past thirty-four years Mr. Marchand has guided our school in history, philosophy and government. His mentoring and willing leadership as head of the History department will be missed. We are indeed fortunate to have been influenced by such a patient and hard-working man.

Mr. Marchand has brought the true meaning of history to all that have met him. He has taught us that the remembering of history is just as important as the telling. We thank Mr. Marchand for many colorful memories of history and the knowledge that history sometimes repeats itself.

We leave with many thanks to Mr. Marchand from the Class of 2002.

Mr. Jack Risgin has been a part of the Fairhaven High School family for twenty-seven years. As an English teacher of primarily sophomore classes, Mr. Risgin has helped guide and shape the futures of many Fairhaven High School students. A proud graduate of Boston College, he imparted his knowledge with fairness, humor, and an understanding of his students. Mr. "Riz" served FHS as an assistant football coach for the 1975-1981 seasons, head football coach for the 1982 and 1983 seasons, and has been the boys' tennis coach since 1978.

The members of the Class of 2002 recognize Mr. Risgin's special qualities and thank him for his interest in us and our futures.

ADMINISTRATION

Dear Class of 2002,

It is probably difficult for most of you to believe that your physical stay at Fairhaven High School will be over shortly. The rich traditions to which you have contributed will, however, continue to grow and will be available to you in many forms as you enter a new phase of your life. As the first graduating class of my Principalship at FHS, you will provide me with fond memories about this high school and your community. I would like to thank all the seniors who showed me the ropes, who took the time to make me feel welcomed as a member of our educational community, and who were patient with change. I hope in some small way I have positively contributed to your experiences at Fairhaven High School. On behalf of the entire staff of Fairhaven High School I congratulate you; go forward and continue to make your family and community proud.

Sincerely,
Jean M. Cote Principal

Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth;
Then took the other, as just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for that the passing there
Had worn them really about the same,
And both that morning equally lay In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads on to way,
I doubted if I should ever come back.
I shall be telling this with a sigh Somewhere ages and ages hence:
Two roads diverged in a wood, and I—
I took the one less traveled by,
And that has made all the difference.

- Robert Frost

Best Wishes on your journey. Choose well

From The President...

"These are the times to remember, 'cause they will not last forever." These past four years have definitely given us all many memories that we will never forget. Time has passed so quickly since we entered FHS as freshmen, and now we are here, at the end of this journey in our lives, saying to ourselves, "Can you believe we're seniors?" We have been working together as a class for the past four years to make our high school days something that we can look back on and remember with a smile. We are excited about what lies ahead, yet some of us are filled with uncertainty about our futures. But we all have one thing in common: We have just begun to search for our hopes and dreams. Many of us will move off to college, or join the workforce, but no matter what we decide to do, we should always appreciate what Fairhaven High School has given us. As we leave high school, our paths will lead us to a world full of opportunities and career choices. As children, we dreamed of becoming teachers, nurses, policemen or astronauts. But as we reached our teen years, our true interests and abilities began to materialize. As we go into adulthood, our dreams will begin to turn into reality. It's up to each of us to find our talent or special gift and strive to keep our dreams alive.

As a class, a community, and a nation, we have endured many trials over these past four years, and as we take a step into another chapter of our lives, we will be on our own, with new friends and experiences. Before you take another step, just stop and take the time to thank your family for supporting you, your friends for giving you some of your best memories, and thank yourself for being the individual that you are, the person that you have developed and become over twelve years of schooling. I congratulate you on making it this far, and wish you the very best in whatever you decide to take on next. Good Luck Class of 2002!

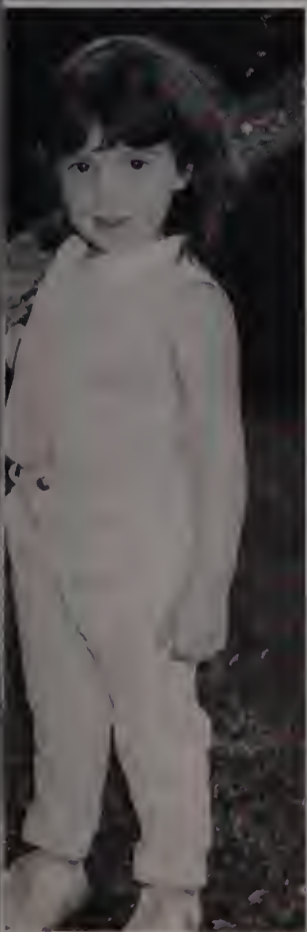

Best Wishes,

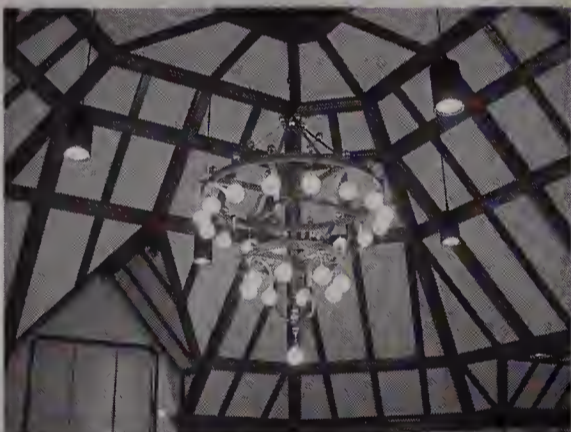

Victoria Wade

Remember When?!.....

Unforgettable Images...

Unforgettable Years

*Through these halls we'll walk once more,
No turning back when we're out the door,
Kiss the good times goodbye.
Treasure the memories, try not to cry.
Remembering our first day and how we wished it to be out last,
If we could only turn back time, it all flew by so fast.
We've grown up a lot since we've been here,
And we've finally made it to Senior Year.
The friends we've made and kept close to our heart,
Are leaving us now and we must part.
Every year in this school was a memory bound never to forget.
Yet Senior Year, by far, was the best one yet.
And now we're finally graduating as we all knew we would.
Even though at times, we didn't think we could.
And we'll march to pomp and circumstance following like the Class of 2001
And sing the Halls of Ivy as if we're having fun.
We'll look to our friends, seated close by,
And reminisce on all the memories and how time seemed to fly.
We'll receive our diplomas, with a smile on our face,
For these are the memories that we cannot replace.
And then it finally hits us, our high school days are gone,
We once wished for this to happen and now we must move on.
And the people we've grown to know are soon to be strangers in the world around.
Whether pursuing a job, profession or college bound.
We wish the classes that follow us lots of happiness and fun. And many "Thank You's" to
our teachers for a job well done.
Twelve years of our lives were spent in school but there's still so much to do...
Pictures and memories are now all we have, goodbye to the Class of 2002!*
